## How to access purple mash at home.

In the event that we have to close school, we will provide work for your children on our online learning platform, Purple Mash. Children all have an individual log in to access this at home. Teachers will assign children learning activities for children to complete. Teachers can also monitor and comment on children's work through this platform so children will get feedback on the activities they complete.

- 1. Type <u>www.purplemash.co.uk</u> into the search bar.
- 2. Click on 'Find my school's login page'

3. Type in Hapton into the search bar and click on our school.
